HEALTH PROGRAM RESOURCE GUIDE

This guide has been prepared by the Department of Health's Division of Community Health. The following list of State and local government sponsored health-related programs and services is to be used as a reference tool. It does not include private or non-profit programs and services and does not represent itself as a complete listing. For exact eligibility guidelines, check with individual programs.

The guide is available online at the Department of Health Web site, www.aahealth.org. The English version is in the *Physician's Link - Resources You Can Use* section, and the Spanish version is under *En Español - Temas Importantes*.

Call the Division of Community Health at 410-222-4499 for more information.
